

OVERHEAD 8: COLLABORATIVE APPROACH**KEY STEPS—COLLABORATIVE APPROACH**

1. Identify the problem from the teacher's perspective, soliciting as much clarifying information as possible.
2. Reflect back what you've heard for accuracy.
3. Begin collaborative brainstorming, asking the teacher for his or her ideas first.
4. Problem solve through a sharing and discussion of options.
5. Agree on a plan and follow-up meeting.

OVERHEAD 9: SELF-DIRECTED APPROACH**KEY STEPS—SELF-DIRECTED APPROACH**

1. Listen carefully to the teacher's initial statement.
2. Reflect back your understanding of the problem.
3. Constantly clarify and reflect until the real problem is identified.
4. Have the teacher problem solve and explore the consequences of various actions.
5. The teacher commits to a decision and firms up a plan.
6. The supervisor restates the teacher's plan and sets a follow-up meeting.
